CSVA Conference 2012  
Conférence 2012 SCAV

## Registration NOW OPEN

2012 Canadian Society of Value Analysis (CSVA) Annual Conference  
Delivering Value:  
Project, Asset & Risk Management in Fiscally Challenging Times  
October 24-25, 2012  
Calgary, Alberta

In today's fiscally challenging environment there is a greater emphasis on ensuring value for both money and time spent. Meeting the need for enhanced products, services, projects or programs on stricter budgets requires innovative approaches to project, asset, and risk management. Value Analysis provides a methodology that can guide these processes towards maximizing value.

The Canadian Society of Value Analysis (CSVA) Annual Conference will be held in Calgary this year from October 24th to 25th. This year's conference features sessions aimed at delivering value in infrastructure and other large projects.

Scheduled sessions include presentations on the application of Value Analysis (VA) in:

- Infrastructure including Transportation, Water-Wastewater Systems, Waste Management, and Facilities
- Identifying and balancing of stakeholder needs
- Portfolio, program and risk management
- Delivering value in service delivery, business processes, information technology, and organizational change

### Who Should Attend?

- Portfolio and Program Managers
- Project Manager
- Asset Managers
- Funding Authorities
- 'Change' Managers
- Product Managers
- Business Process Owners

Registration fee: \$395.00 per person and includes two days of conference, with 35 presentations and a CSVA awards dinner. For program and registration details pls. visit CSVA website at: <http://www.scav-csva.org>.
